

DSP402

20W 4" Two Way Commercial Surface Mount Speaker

Description

The 20W Wall Mount Speaker is a stylish, compact audio solution featuring a coaxial design for even sound dispersion. Built from durable ABS material, it guarantees reliable, long-term performance. A convenient mounting bracket allows for quick and easy installation on any wall. Ideal for homes, offices, or retail spaces, this speaker combines practical functionality with a clean, minimalist look that complements any décor.

Features

- Type: Compact, versatile coaxial 2-way Hi-Fi speaker system.
- Power handling: 20W RMS rated power, 40W maximum.
- Enclosure: High-quality ABS construction.
- Input & impedance: Supports 100V constant voltage and 16Ω low impedance; power taps available at full power and half power.
- Audio performance: Excellent sensitivity, wide dispersion, and extended frequency range.
- Installation: Adjustable mounting bracket allows for angle customization.
- Design: Ergonomically shaped to blend seamlessly into any architectural environment.
