

D6564F

10-Inch 250W Outdoor Two-Way Full Range Loudspeaker

Description

The D6564F is a professional 10-inch two-way full-range loudspeaker engineered for high output, wide coverage, and powerful low-frequency performance. Featuring an all-weather design, durable wooden enclosure, and flexible suspension installation, it is well suited for performance venues, conference facilities, and commercial spaces requiring clear and dynamic sound reinforcement.

Features

- All-weather 10-inch two-way loudspeaker engineered for powerful output and robust low-frequency performance.
- Durable wooden enclosure finished with water-based coating and acoustic transparent grille design.
- High-efficiency transducer system delivers clear, dynamic sound reproduction.
- Wide 90° × 40° coverage ensures even sound distribution.
- Flexible suspension installation supports both fixed and mobile professional applications.
- Well suited for performance venues, conference facilities, and commercial sound reinforcement.

Specifications

Model	D6564F
Unit	10" Bass×1, 1.35" Treble×1
Frequency Response (±3dB)	56 Hz -20,000Hz
Sensitivity	96dB±2dB
Max. SPL	119dB±2dB

Input Impedance	8Ω
Rated Power	250W
Directivity (H×V)	90°× 40°
Dimensions (H×W×D)	515×315×320mm
Net Weight	14.6kg
