

DSP523

5.25-Inch 2-Way 8Ω Ceiling Speaker

Description

The DSP523 is a compact 5.25-inch 2-way ceiling speaker featuring one 5.25-inch woofer and two 1-inch tweeters for clear and balanced sound reproduction. With an 8Ω impedance and 30W rated power, it is suitable for a variety of fixed-installation indoor audio applications. Its durable engineering plastic enclosure and frameless design provide reliable performance while blending seamlessly into different interior spaces.

Features

- 2-way design featuring one 5.25-inch woofer and two 1-inch tweeters for clear and balanced sound reproduction.
- 30W rated power and 8Ω impedance, suitable for a variety of fixed-installation indoor audio applications.
- 55 Hz–20 kHz frequency response and 87 dB sensitivity for wide-range audio reproduction.
- Maximum SPL of 102 dB for clear and powerful audio output.
- High-quality molded engineering plastic enclosure offers durability and resistance to deformation and fading.
- Frameless, low-profile design provides a clean appearance and blends seamlessly into interior spaces.

Specifications

Model	DSP523
Speaker Drivers	5.25"×1, 1"×2
Rated Power	30W
Impedance	8Ω
Frequency Response	55 Hz–20 kHz
Sensitivity	87 dB
Maximum SPL	102 dB

Cutout Diameter
Product Dimensions

180 mm
195 mm × 95 mm

Frequency Response
(dB SPL, 1W, 1m)

Distortion
(% THD, 1W, 1m)
